Sunrise Montessori Welcomes You

“Adults admire their environment: they remember and think about it. The things the child sees are not just remembered, they form part of the child’s soul.”

Dr. Maria Montessori

We are happy that you have joined us for Passport to Africa, the 13th annual Friends of Sunrise Auction.

Sunrise Montessori, a privately owned school, is proud to have been part of the Napa educational community for over 30 years. Hand in hand with our dedicated parents, Sunrise has grown from a small preschool in 1978 to a beautiful campus with Toddler, Preschool, Kindergarten and Elementary programs. Along with these core classes, Sunrise offers Spanish instruction, classroom music lessons as well as private lessons in violin and piano, art enrichment and a physical education program. A psychologist, occupational and speech therapists, and a learning specialist complement our teaching staff.

The Sunrise Montessori mission is to promote the individual development of each child and nurture the ability to understand and appreciate other people, cultures and the environment. The school balances high academic standards with the importance of fine arts, music, physical activity, foreign language and spiritual growth.

Sunrise teachers represent many years of experience and a strong dedication to children and the future. Committed to the value of self-esteem, the teachers serve as guides in each child’s quest for knowledge, inner discipline, problem solving skills, and meaningful personal relationships. Upon graduating from the elementary program, Sunrise students step out into the world with pride and self-confidence. They have the skills and desire necessary to learn, make good choices and contribute in a positive way throughout their lives.

We hope you will enjoy the evening and, in the future, have fond memories of Passport to Africa. We are forever grateful to our parent group, Friends of Sunrise, and offer a special thanks to the community businesses and individuals who have donated to our event.
